Chief, FBIS

Division of Coverage Between BBC and FBIS

1. Attached hereto is memorandum dated 17 March 1948 from the Chief, Field Division to the Chief, FBIS, subject: Division of Coverage Between BBC and FBIS.

2. It is desired that the subject memorandum be studied in preparation for advising me concerning the upcoming conference with British officials on division of coverage between BBC and FBIS.

3. I am making a field study of this matter to the extent of determining a priority basis according to country which will be established by U. S. intelligence agencies. I feel that the matter cannot be properly approached until that has been done. In the meantime, however, every possible thought should be given to this matter with the idea of being fully prepared prior to the actual conference to be held sometime in early May.
